INVESTMENT PHILOSOPHY

The overarching philosophy of the Sawgrass Genesis Small Growth product is that *risk is often mispriced*. This philosophy is applied to the selection of small cap stocks which exhibit low price volatility; stable, consistent earnings growth; and attractive valuations.

The investment process begins with a universe of 1200 of the most liquid companies with market caps between \$300M and \$7B. Applying Sawgrass' proprietary, sector-specific, quantitative model results in a high-quality purchase candidates list of 200-300 stocks.

Our bottom-up approach analyzes a company's: profitability; business valuation; equity valuation; earnings quality; and sales, earnings and margin stability.

The stock(s) with the best mix of quantitative and qualitative data are selected for purchase, resulting in a diversified portfolio of 80-100 stocks.

Positions are purchased and weighted with particular consideration given to each stock's impact on risk factors as well as the overall risk profile of the portfolio.

Stocks are sold primarily when the underlying technical factors of a stock begin to deteriorate.

This is an active portfolio and will be fully invested holding less than 5% in cash. No options or leverage are employed.

PERFORMANCE DISCLOSURES

Sawgrass Asset Management, LLC. (Sawgrass) claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS® standards. Sawgrass has been independently verified for the periods 31 March 1998 through 31 December 2020. The verification report is available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedure for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. GIPS® is a registered trademark of CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant accuracy or quality of the content contained herein.

Sawgrass is a 100 percent employee-owned Registered Investment Advisor whose primary focus is to provide institutional investment management services.

Gross returns do not reflect the deduction of investment advisory fees but do include transaction fees. Gross and net returns include the reinvestment of all dividends and income. Net of fee performance was calculated by reducing the actual management fee charged to clients, or if part of a balanced account by reducing the highest management fee charged, in accordance with the Genesis Small Growth Equity strategy fee schedule. Prior to 12/31/2015, the highest management fee was utilized to calculate net-of-fee performance.

Performance is in U.S. dollars. Prior to 12/31/2010, accounts were removed from the composite for the month in which a significant flow exceeded 30% of account value. A comprehensive list and description of the firm's composites and limited distribution pooled funds, and additional information regarding policies for valuing investments, calculating performance, and preparing GIPS reports are available upon request.

Past performance does not guarantee future results. Investments are subject to risk and may lose value.
